

2019 International Experience Program Group Photo

INTERNATIONAL

EXPERIENCE PROGRAM

June 15 - Aug. 7, 2020

A Global Partnership

The International Experience Program accepts students who are pursuing their degrees in engineering from Gujarat Technological University (GTU), have strong academic and technical backgrounds and have passed GTU requirements for the International Experience Program.

- **Receive GTU credit for the courses completed at Kansas State University, Manhattan, Kansas, U.S.**
- **Experience engineering education outside of India at a top U.S. institution.**
- **Seek graduate school admission at Kansas State University or another institution upon graduating from GTU.**

Curriculum

Eight week program

Courses taught in mechanical engineering by Kansas State University faculty.

Kumarsinh Jhala, Ph.D.
**Postdoctoral Appointee,
Energy Systems Division,
Argonne National Lab, USA**

Kumar participated in the inaugural international experience program in electrical and computer engineering in 2012 and studied wireless and mobile communication and digital signal processing. Kumar returned to Kansas State University and completed his doctorate in May 2018.
